

## Homework 10

**Guidelines for homework assignments:**

- All homework assignments should be neatly written with answers to questions presented in numerical order. Make sure that you attempt problems starting at the top of the sheet proceeding downward. Have enough empty space between one problem and the next.
- Be sure to answer all parts of each question.
- Your answers must contain detailed work and explanations for your steps. This is a MUST. 50% of credit will be deducted from your score if no detailed work is shown. To get full credit, you must show all your work.
- Your submission must be in PDF format, any other formats will not be accepted on Canvas.
- Late submission is not accepted.
- Email submission is not accepted. You must submit your homework assignments on Canvas.
- Your instructor will deduct points if your answer is hard to understand because of poor grammar or poor handwriting.

**P01. TM Languages (20 points)**

Convert the following TMs first into summary tables and then into their code words in CWL. What are the two languages accepted by these TMs? Run each of the two encoded words on their respective machines to see which are in the language ALAN.

**P02. TM Languages (10 points)**

Decode the following words from CWL into their corresponding TMs and run them on their corresponding TMs to see which are in ALAN and which are not:

- **abaabbbbab**
- **abaabaabbb**
